## Seating Movements

Our mechanisms provide a unique range of sitting and recline positions, making sure you can find the perfect positions to enjoy relaxing and resting in your chair. The additional rise movements provide you with a little extra help to stand and walk comfortably away from your chair. More information and clips showing these mechanisms in action are available on our website.

Choose from two rise and recline mechanisms.

## Single Motor Tilt in Space

The Single Motor Tilt in Space mechanism allows the leg rest to rise, slightly changing the seat angle, but always ensuring that a constant back angle of 90° is maintained as the chair moves through to recline.

# Luxury Pocket Sprung Cushion

**Included as standard** on the Olympia Collection it provides the ultimate comfort at the heart of your chair, designed with individual high tensile steel coil springs in individual pockets, which give consistent support throughout the life of the chair and lasting shape to the seat cushion.

Pocket sprung is not standard on our complementary furniture.

Included as standard are full length arm caps on recliner chairs.

Arm caps are an upgrade on complementary furniture.

## Complementary Furniture

The Olympia collection also includes a two-seat sofa, three-seat sofa, a static chair and footstool.

# Comfort Accessories

It is the small details that can make all the difference to the enjoyment of your rise recliner chair, we provide a wide range of accessories to help you make the most of your new rise recliner.

## Relaxor heat and massage system\*

The Relaxor helps soothe tired and aching muscles with gentle vibration and warmth. A separate handset controls different vibration zones built into the chair to massage upper back, lower back, upper and lower thighs and calves. Choose your own intensity and speed of each of the pairs of pads. The heat pad in the bottom lumbar of the back cushion completes the relaxing process, exactly what is needed at the end of the day.

**Please note:** It is recommended that you consult a healthcare professional or doctor if you suffer with a medical condition or have any medical device fitted (e.g. pacemaker) before purchasing this system.

## Heat only system

This system comes with two heat modules, one fitted into the seat of the chair and the other in a loose cushion heat pad that you can use behind your back, on your lap or to one side. The pads are controlled separately with an easy to use handset which has two temperature settings. The heat only system costs as low as 1p an hour offering an economic way of providing a little more warmth on cold days.

\* Not fitted as standard when Heat & massage has been chosen to be fitted.

### **Reading lamp**

This built-in lamp brings the light to where it is most needed and can be set at three brightness levels.
