Specialist Seating Solutions
a prismhealthcare company

ProForm Contour

About Repose

At Repose Furniture, we have been designing and manufacturing bespoke healthcare and recliner chairs since 1999. We believe that you shouldn't have to compromise on quality to get a made-to-measure seating solution, which is why all of our products are handmade by trained craftspeople, right here in the UK. As a part of the Prism Healthcare group, we strive to improve the quality of life of people with health and mobility conditions by providing solutions that offer choice, value for money, and help to make care easier.

ProForm Contour

The ProForm Contour is a multi-adjustable seating solution which has been designed to help users at risk of pressure injuries and falls. Repose are conscious of changing user requirements and the need for long term sustainability in our products. The ability to adjust, replace and reuse, along with clinical features, has been at the core of the Contour design.

Contour benefits from a number of easily adjustable settings and cushion options to enable it to be configured correctly by the care team for different, and changing, user clinical and comfort needs.

Made and tested in the UK to the highest standards, with easily replaceable and readily available parts means that Contour should offer an excellent long term investment meeting the changing needs of users and care providers.

Outer in Valencia Skylight, inner in Cornflower Dartex

ProForm Contour

Key Features

- Ease of Adjustability
 - Seat Depth (15"-21")
 - Seat Width (16"-22")
 - Arm Height
 - Back Height
 - Headrest
- Tilt in Space 0° - 35° (-5° - 30°) angle
- Independent back recline 90° - 135°
- Extending and Articulating leg rest / support
- Manual and Electric options
- Waterfall and Lateral back options
- Chaise overlay or drop-in cushion options
- Breathable, waterproof seating surface
- 4 pressure relief cushion options
- Full range of accessories
- Multiple colour combinations
- Safe working load 160kg

Adjustable head rest

The height, angle and depth of the head rest can be modified to suit the user's needs. There are also wings on the outer of the headrest that can be pulled inward towards the client's head to increase support.

Independent backrest recline

The backrest can move independently to the leg rest and reclines up to 45° from the upright position, allowing optimal support and comfort.

Adjustable arm height

The height of the arm can be increased up to 5" (127mm) from the standard position, enhancing ergonomic alignment for a variety of clients.

Tilt-in-Space

The Contour is equipped with Tilt-in-Space capability up to 90° allowing multiple positions to accommodate the client's needs.

Adaptable back cushions

Choose from 2 different back cushions, all removable and interchangeable, to adapt to developing conditions.

Seat depth adjustment

The seat depth can be adjusted from 15" - 21" (381mm - 534mm) to accommodate a wide range of clients.

Seat width adjustment

The seat width can be adjusted from 16" - 22" (406mm - 559mm) to allow the chair to be adapted to multiple users

Independent leg rest elevation

The leg rest can be elevated up to 60° from its original position, creating a wider range of positions to ensure comfort for the user.

Height and angle adjustable footplate

Both the height and angle of the footplate can be customised to the needs of the client.

Lockable castors

The ProForm Contour comes as standard with four lockable castors, including one directional castor.

Available Accessories and Cushions

Foam Footpad, available in 1", 2" and 3"

Waterfall Back Cushion

Drop-In Cushion

Fibre Pad Headrest

2 Point Hip Belt

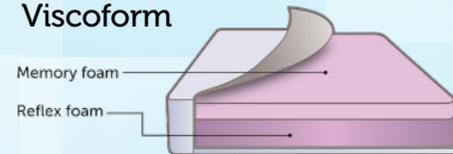

4 Point Chest Harness

Lateral Wedges

The ProForm Contour comes with our interchangeable seat cushions. Purchase one or more cushions to support the different needs of individuals who may use this chair. With all these seat cushions, we recommend a fabric with four way stretch properties to aid the reduction of friction and shear.

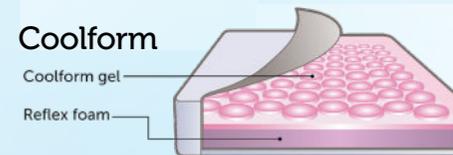

Viscoform

Pressure Risk **LOW MEDIUM**

Viscoform - a cushion with a top layer of memory foam to allow immersion into the cushion, giving stability and a large surface area to reduce pressure levels.

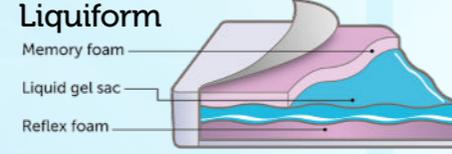

Coolform

Pressure Risk **MEDIUM HIGH**

Coolform - uses the latest silicone gel technology to give pressure relief as the gel conforms to the shape of your body and reacts to your body temperature.

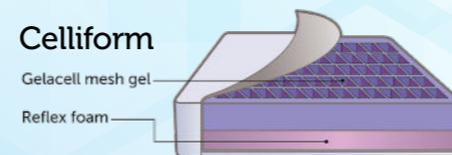

Liquiform

Pressure Risk **MEDIUM HIGH**

Liquiform - a cushion with a fluid liquid gel in a soft silicone cover which provides a high level of pressure relief.

Celliform

Pressure Risk **MEDIUM HIGH**

Celliform - uses our unique Gelacell matrix which distributes pressure and promotes air flow keeping the chair fresher and cooler.

Technical Specifications

All dimensions are in millimetres unless otherwise stated

Contour Comfort Dimensions		
A	Overall Height	1372mm – 1473mm
